

## Model 7520

### Safety and features

- Complete unit with open flat tray and pass-trough Model 20, for handing over flat objects up to 30 mm high, such as passes, receipts and ID cards, and with deep tray for handing over larger objects or folders up to 100 mm high.
- Model 20 spät can also be used if the counter is in cold draughty areas (flat slider instead of tray).
- Integrated Public 3 intercom for automatic two-way conversation (with optional headset).
- Case hatch Model 105 with alternately opening sliding doors, operated electromechanically via control panel. Safety activation ensures only one door can be opened at a time. Mechanism can not be manipulated.
- Offers firearm protection, capable of withstanding heavy handgun fire. Models featuring pass-through Model 20, Model 20 spät and case hatch Model 100 have received FB4 certification from the firearms licensing authority.
- Model 7520 fulfils German UVV regulations.

### Materials and use

- Safety glass adhering to BR4 NS.
- Carriage and through made out of 3 mm thick stainless steel with a black-brown powder coating.
- Counter element made out of brushed stainless steel.
- Case hatch made out of 3 mm steel, lined with stainless steel.
- All metal parts have been produced using state-of-the-art precision laser cutting technology for ultimate quality.
- Model 7520 is suitable for use in indoor areas, and Model 7520 spät is also suitable for use in covered outdoor areas.
- The unit requires no maintenance. No need for cleaning or lubrication.

### Use

Model 7520 is a complete counter unit featuring pass-through Model 20 or Model 20 spät and case hatch Model 105. The entire unit comes ready for installation and is suited for indoor or outdoor use. It is particularly well suited to handing over larger sums of money or items such as briefcases or valuables boxes, although it can also be used as a reception or front-desk counter for handing over passes, documents and receipts.

**Mounting, wall recess**

760 x 2000 (W x H)

**Weight**

375 kg

**Miscellaneous**

- Combines with all other Wurster pass-throughs, such as Model 20 spät, the ideal counter unit for late or night shifts.
- Also available as Model 7620 with money trolley hatch Model 106.
- Available with fire protection up to F 90.
- Special sizes available on request.
- Other firearm categories available on request.
- Frame coatings available in alternative RAL colours on request.

**Modell 7520****Installation and dimensions**

The unit comes complete with power cables and is ready for exact mounting in prepared wall sections. It is inserted into the recess from the outside to fit flush with the wall. This is done by removing the inner frame before screwing the unit into place from the inside to prevent tampering. Consideration must be given to access requirements and the possible need to remove the unit later in the unlikely event of repairs. There should be a 230 V socket near the counter on the inner side.
